8.0 Kemas kini Maklumat Vaksinasi

1. Status vaksinasi – perubahan dan definisi yang dikemas kini seperti di bawah:
 - a. **Belum divaksinasi:** Belum menerima sebarang vaksinasi
 - b. **Separa vaksin:** Menerima vaksinasi dos pertama dan menunggu vaksinasi dos kedua
 - c. **Divaksinasi sepenuhnya:** Vaksinasi selesai mengikut definisi MySejahtera
 - d. **Dos Penggalak:** Dos penggalak yang diterima
2. Tarikh dos utama dan pengeluaran vaksin dos utama – Maklumat mengenai vaksinasi awal. Dos utama merujuk kepada dua dos pertama vaksinasi, kecuali CanSino dan Johnson & Johnson, yang merupakan vaksin satu dos. Untuk vaksinasi dua dos, gunakan tarikh dos kedua, kerana ini akan menentukan bila dos penggalak diperlukan.
3. Tarikh dos penggalak dan pengeluaran vaksin dos penggalak – Maklumat mengenai vaksinasi dos penggalak. Dos penggalak ialah dos tambahan yang diberikan selepas dos utama. Kerajaan Malaysia menerima pendekatan vaksinasi homologous (vaksin jenis yang sama seperti dos utama) dan heterologous (vaksin jenis yang berlainan dari dos utama). Pengguna kini boleh mengisytiharkan jika mereka telah menerima jenis vaksin yang berbeza.
4. Vaksin terakhir mulai hari ini – ini adalah pembilang automatik untuk mengukur dari tarikh vaksin terakhir anda.

5. Muat naik sijil vaksinasi digital – pastikan imej anda tertera dengan jelas nama, nombor kad pengenalan, dan semua butiran dos seperti yang ditunjukkan di bawah.

6. Sila klik butang "Kemas kini butiran vaksinasi".

8.0 Update Vaccination Information

1. Vaccination status – updated changes and definitions as below:
 - a. **Not vaccinated:** Have not received any vaccination
 - b. **Partially vaccinated:** Received 1st dose of vaccination and waiting for 2nd dose of vaccination
 - c. **Fully vaccinated:** Vaccination completed per MySejahtera definition
 - d. **Booster dose:** Received booster dose
2. Primary dose date and primary dose vaccine manufacturer – Information on the initial vaccination. Primary dose refers to first two doses of vaccination, except for CanSino and Johnson & Johnson, which are single-dose vaccines. For two-dose vaccinations, use the date of the second dose, as this will determine when a booster dose is needed.
3. Booster dose date and booster dose vaccine manufacturer – Information on the booster vaccination. The booster dose is the additional dose given after the primary dose. The Malaysian government accepts the approach of homologous (booster manufacturer is the same with primary dose) and heterologous (booster manufacturer is different from the primary dose) booster vaccination. Users are now able to declare if they have received different type of vaccines.
4. Last vaccine from today – this is an automatic counter to measure from your last vaccine date.
5. Upload digital vaccination certificate – make sure your image has your name, identity card number, and details of all doses

6. Click "Update Vaccination Details" button to save the information.

12.0 Update Health Check Form

To submit the health check form, from the dashboard, click 'Health Check' button or you may also access via the main menu by clicking Health Check Form container.

The screenshot shows the BRAUN 'My Status' dashboard. At the top, it says 'My Status' and 'Low Risk - 2022-03-23'. Below this, there are several status indicators: 'Last Test Date : 2022-03-11', 'Last Test Result : Antigen Negative', 'Vaccination Status : Partially vaccinated (at least 1 dose)', 'Date : 2021-12-21', and 'Post Positive in Last 90 Days : Yes (Refresh Daily) (12 Days Ago)'. At the bottom, there are two prominent buttons: a red 'Health Check Form' button with the text 'Submitted for today? No' and a green 'My Daily Submission' button.

Please answer all the questions and ensure you submit the correct declaration as all the questions are mandatory. Click the checkbox "I hereby acknowledge..." and then click Submit button to submit.

The screenshot shows the 'Health Check' form. It starts with a header 'Health Check' and a note '* Required to answer'. The first question is '1. Are you exhibiting COVID related symptom? *' with a list of symptoms: Fever, Chills, Shivering(rigor), Body ache, Headache, Sore throat, Nausea or vomiting, Diarrhea, Fatigue, Runny nose or nasal congestion, Cough, Difficulty breathing, Loss of smell, and Loss of taste. Below the list are radio buttons for 'No' and 'Yes'. The second question is '2. Have you been in close contact with positive person? *' with radio buttons for 'No' and 'Yes'. The third question is '3. Please declare your Covid-19 Risk Status in MySejahtera App today. *' with a list of risk status options: 'Low Risk / Not Registered With MySejahtera' (selected), 'Casual Contact Without Symptom', 'Casual Contact With Symptom', 'Close Contact', 'Person Under Surveillance (PUS)', 'Suspected Case', and 'Confirmed Case'. At the bottom, there is a declaration checkbox 'I hereby acknowledge that it is my duty to not make a misinterpretation in answering the questions and hereby declare that the information given in the form is correct and accurate.' and a 'Submit' button.

For Question No. 3, please ensure to refer based on your risk status in MySejahtera application. Please take note that if your My Sejahtera status is reflected as "Casual Contact with Symptom", you will not be able to select "No" for Question No. 1. Vice versa, if your My Sejahtera status is reflected as "Casual Contact without Symptom", you will not be able to select "Yes" for Question No.1.
